APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

It is distinctly understood that this permit is issued subject to such prior rights as there may be on the source. It is understood that the 5 cubic feet of water per second herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to a beneficial use. A suitable measuring device must be installed and accurate measurements of the water placed to a beneficial use must be included in the proof of such use when filed. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that applicant agrees to the terms herein contained. The amount of water to be appropriated shall be limited to the amount

which can be applied to beneficial use, and not to exceed 5 cubic feet per second.

Actual construction work shall begin on or before April 17, 1927

Proof of commencement of work shall be filed before May 17, 1927

Work must be prosecuted with reasonable diligence and be completed on or before April 17, 1930

Proof of completion of work shall be filed before May 17, 1930

Application of water to beneficial use shall be made on or before

April 17, 1931. Proof of the application of water to beneficial

use must be filed with State Engineer on or before May 17, 1931

Proof of labor filed May 13, 1927

WITNESS MY HAND AND SEAL this 17th day

Cancelled MAR 1 1937 because of failure of

applicant to comply with provisions of permit of December, 1926.
